

# SINGATAC

ENGINEERING PTE LTD

YOUR 24X7 SOLUTION TO KEEP  
THE SHIPS SAFE & SAIL ON!

*We Make Things Happen!*

# Brief Profile

- 1997 : Singatac Engineering Pte Ltd was incorporated. Started a small outfit of less than 20 people and did basic sub-contract work in steel repair for ships in shipyards.
- 1998 : Rented a 4000ft<sup>2</sup> factory to carry out small scale fabrication for ship owners.
- 2000 : Upgraded & rented a 10,000ft<sup>2</sup> to fabricated bigger structures. Manpower increased to over 150 men.
- 2002 : Further upgraded & bought a 60,000ft<sup>2</sup> factory.
- 2005 : Added a seafront 100,000ft<sup>2</sup> yard.
- 2007 : Manpower increased to 600 men. Expanded overseas to Bintan, Indonesia.
- 2008 : Added another 120,000ft<sup>2</sup> rental factory space in Bintan, Indonesia.
- 2009 : Acquired a seafront yard of 700,000ft<sup>2</sup> in Bintan, Indonesia.
- 2011 : Brought in 2 dredgers to Bintan anchorage for 2-month refit.
- 2012 : Completed construction of 10m depth heavy duty wharf in the Bintan yard. Brought in the first heavy lift vessel alongside the yard. Downsized manpower in Singapore to 150 men. Upsized manpower in Bintan to 180 men.
- 2015 : Manpower in Bintan boosted to 500 men.
